

DAF sour tube technique data watch of the glass fiber set

Function	Result	
lowest to broke through electric voltage	DAF-3:5000VOLT	
Heat temperature of flections	experiment temperature 180°C , twenty hours, The layer didn't open crack or peeling off phenomenon	
Low temperature of flections	experiment temperature -10°C , a hour, The layer didn't open crack or peeling off phenomenon	
inside diameter	tolerance	wall thickness
0.5-0.25	+0.3	0.43±0.12
3.0-4.0	-0.0	0.51±0.13
5.0-8.0		0.55±0.15
9.0-12.0		0.66±0.18
14.0-16.0		0.78±0.18
